

What are your ideas for the Ferry/Gateway District?

Thank you for your interest in planning for the Ferry/Gateway District and ferry terminal facilities on Bainbridge Island. This integrated planning effort is designed to ensure that plans for the ferry terminal facilities and the Ferry/Gateway District will be consistent with the City's Comprehensive Plan, the regional transportation system, the SR 305 Corridor study, and other ongoing planning processes in the community and region. Please take a few minutes to fill out this comment form. Your ideas are important to us and will help guide our work in the right direction.
